

## Sadist Syndicate of Esterhazy

The House of Esterhazy are a sadistic noble bloodline of Austria and Hungary and part owners of the Russian-Jewish Mafia. They specialize in making snuff films or videos of people being murdered. The Esterhazys are a Roman Catholic imperial nobility with close ties to the Vatican and Sovereign Military Order of Malta. The Esterhazy family obtained wealth as loyal servants to the Vatican and the House of Habsburg as well as from inheriting wealth through marriages like with their marriage to the Thurzo family. The House of Habsburg provided the Esterhazys with Forchtenstein Castle which is known for having torture chambers. The family turned the fortress into a treasury and likely were provided this castle for their willingness to use torture on the Habsburg's enemies. Gyorgy Thurzo was the one who sentenced the serial killer Elizabeth Bathory to prison which was only because she was too reckless and got caught. Elizabeth Bathory was suspected of murdering hundreds of girls and bathing in their blood and all they did was imprison her. The House of Habsburg are Roman Catholic and have continually been members of the Sovereign Military Order of Malta because they work for Rome and the Black Nobility. The Vatican and Eastern European noble families were known for using torture and being sadistic with Vlad the Impaler and the Vatican's Inquisition. They are sexual sadists and like most pedophiles they never stop until they are stopped. They get off to torturing people. The Esterhazy family has covert shares in Estee Lauder Companies which has about 11 billion in assets. Estee Lauder was named in honor of the Esterhazys. William P. Lauder is worth over a billion and is executive chairman of Estee Lauder. Ronald Lauder is worth over 3 billion and has been the United States Ambassador to Austria and is currently the President of the World Jewish Congress. Leonard Lauder is worth about 16 billion. Jane Lauder is worth about 1 billion and she is a sadistic witch and Scientologist electronic tormentor that was educated at Stanford. Jane Lauder's husband is Kevin Warsh and he was a board member of the United States Federal Reserve and he was an architect of the financial crisis of 2007. Aerin Lauder is worth over 2 billion and her husband Eric Zinterhofer founded the criminal private equity firm Searchlight Capital. The Lauder family live in New York and they finance human sacrifices in that region. They are worth about 24 billion. They are ruthlessly evil. The Esterhazys still own a palace in Eisenstadt, Austria. The CEO of Estee Lauder is the Italian businessman Fabrizio Freda who previously worked for Procter and Gamble. Ron Estes is an American politician and businessman that also worked for Procter and Gamble.

The royal and noble families still use torture today however they are even more secretive. The Esterhazy family owns Hungaro-Slovak

mafias which are involved in various forms of organized crime including human trafficking. Some Eastern European families like the Esterhazy family and their mafia associates are involved in making snuff films which are sold through the dark web and black market. Snuff films are videos of real murders and torture and members of secret societies share snuff films on the Dark Web and use them as motivation for trying to takeover society. They are ruthless sexual sadists. That is a major agenda behind the New World Order. They want humanity enslaved so they can rape, torture, murder, and cannibalize people. Those are satanic initiations. Semion Mogilevich is a high level Jewish-Russian mafia boss who works as a liaison between various mafias operating in Russia, Hungary, Ukraine, and Israel. Mogilevish's wife Katalin Papp is a Hungarian. The Habsburgs, Esterhazys, and Lucchesi-Pallis are owners of the Hungarian based Russian Mogilevich Mafia. Royal and noble families have also developed electronic weapons or Directed Energy Weapons used to covertly torment those who oppose their fascist takeover. The Esterhazy family specializes in causing itching, irritation, and anxiety for physiological attacks. They use Directed Energy Weapons on people who speak out or on victims they marked for death as sacrifices. They are ruthless tormentors. These psychopaths need to be violently executed. They have no right to do this. They are criminals and murderers. The Vatican and the royal bloodlines are historically the most murderous group on the planet. Estee Lauder's family was from Hungary and they named her for the Esterhazy family which they serve. Some members of the Esterhazy family include Prince Anton II de Galante Esterhazy, Prince Paul-Anton VI de Galante Esterhazy, Count Janos de Galante Esterhazy, Count Endre Esterhazy, Countess Christine Esterhazy, and Count Martin Esterhazy. This family is one of the most wicked bloodlines in society.

The Esterhazy family originated from the ancient Aesti clan which gave Estonia its name and probably share a similar ancient ancestry with the Este and Hesse families which share similar etymological name meanings. The Aesti clan originated from Babylon and they worshiped Ishtar which is most accurately associated with the Greek Hera. Ishtar is where Easter derives from. Eggs represent fertility. Ishtar is a sexual sadist deity. It's like these sadists are not fertile or rather are impotent unless they incorporate sadism into their sex life. They are a disease of evil that wont stop. They need to be put down like rabid animals. The Welf-Este families claim to be from the Aesti region. The Aesti clan were located on the "Amber Road" named for the amber trade. Amber effects static electricity and there are still amber manufacturing plants in Austria today. Static electricity can attract and manipulate hair. The Esterhazys specialize in causing itching and irritation by using directed energy weapons that move around persons hair through a static

charge. Amber is a resin gemstone that is usually cloudy or hazy and was considered precious during ancient times. This is where the Esterhazy family gained their original wealth and power from. They traded amber for gold and silver. The nobility of the Byzantine Empire later migrated into the west as Rome was being rebuilt. The term shill really comes from the former Austrian currency called the schilling. Royal and noble families owned the majority of the mined gold and silver. Then they finance and employ agents to establish banks and businesses for them as proxies. They still operate this way today. Bela Esterhazy de Galantha is a Swiss educated banker and works for Bank Gutmann AG in Vienna which has branches in Switzerland. Steven Udvar-Hazy is a Hungarian born American billionaire and CEO of Air Lease Corporation. Udvar-Hazy is worth 4 billion and is an agent of the Esterhazys. The Austrian and Eastern European royals and nobles conceal much of their wealth in Liechtenstein where banking is private. The Esterhazy family specialize in causing mental haziness or confusion. They pay shills to spread confusion and blur truth with lies to create a layer of protection for the royal and noble families which are involved in torture, murder, and pedophilia. Sadism is the culture within the royalty and nobility.

The Esterhazys work with the Hungarian Erdody family and they purchased the Esterhazy's Vienna palace. Count Ferenc of Erdody is a member of this family. Graf Istvan von Harrach, Graf Leonhard von Harrach and Countess Stephanie Harrach are current members of Austrian-German nobility. The Harrach family are likely related to the Harache banking family of London. Gabor Harrach is a movie producer and relative of this family. The words Harrach or Harache mean to harass. Countess Christine Esterhazy is probably as wicked as the Blood Countess Elizabeth Bathory was. Elizabeth Esty is a US politician in Connecticut and a high level satanic witch involved in gang stalking, murder, child sacrifice, and other crimes and she covertly serves Countess Christine Esterhazy and Queen Elizabeth II. Elizabeth Esty is a completely psychotic and torturous witch that runs a cannibalistic wiccan coven and she needs to be executed. Esther Koplowitz is a Spanish billionaire agent of the Esterhazys and her father was from Upper Silesia which was part of the Habsburgs Empire. The Habsburgs also ruled Spain. Esther Koplowitz manages the Kabbalist Arianna Grande who made a blasphemous song called "god is a woman" Arianna Grande kills and eats little boys and she deserves to be executed. The Cult of Ishtar was a feminist cult and male members were homosexuals and transvestites or hermaphrodites as they called them. A young woman named Ashley Esther Dalene is a their Vicar of Ishtar and she is a ruthless and torturous witch that relentlessly babbles lies and false accusations everywhere. Ashley Esther Dalene's motto is "I don't care." Ashley Esther Dalene is on her way to becoming

the most evil female in all of existence. She tortures people for hours at a time and she is equally as evil as Prince Harry who often manages her. A man named Jason Canfield is a prison initiated rapist and sadist that gets off to snuff films and works with the Wiccan Cult of Ishtar. The Windsors claim to be descendants of the Romanian House of Dracul which were related to the Bathory family. Joe Eszterhas is a Hungarian-American and screenwriter in Hollywood and relative of this family. Joe Eszterhas' father was a Nazi propagandist. Many of the royal and noble families put their agents in Hollywood. Count Janos de Galante Esterhazy is the current Receiver of the Common Treasure also called the Minister of Finance for the Sovereign Order of Malta located in Rome. Count Janos de Galante Esterhazy is a link between the Roman and Austrian nobility and their wealth which is used to finance the criminal agendas of the Black Nobility.

Countess Christine Esterhazy with her husband Count Endre Esterhazy. Countess Christine is an extremely evil and sadistic witch. She is extreme wickedness.
